|                 |                  |                                                                                                          |
|-----------------|------------------|----------------------------------------------------------------------------------------------------------|
| Omrežje         | Tehnologija:     | GSM / CDMA / HSPA / LTE                                                                                  |
|                 | 2G pasovi:       | GSM 850 / 900 / 1800 / 1900                                                                              |
|                 | 3G pasovi:       | HSDPA 800/850/900/1700 (AWS) / 1900/2100                                                                 |
|                 | Hitrost:         | HSPA +, LTE                                                                                              |
|                 |                  | CDMA 800 / 1900                                                                                          |
| Začetek prodaje | 4G pasovi:       | 1, 2, 3, 4, 5, 7, 8, 12, 13, 17, 18, 19, 20, 25, 26, 28, 34, 38, 39, 40, 41, 66                          |
|                 | Napovedan:       | 2024, november                                                                                           |
|                 | Status:          | Na voljo. Izdano novembra 2024.                                                                          |
| Telo            | Dimenzije:       | 168.8 x 76.8 x 8.9 mm                                                                                    |
|                 | Teža:            | 211.6 g                                                                                                  |
|                 | SIM:             | Dual SIM (Nano-SIM + Nano-SIM)                                                                           |
| Zaslon          | Vrsta:           | IPS LCD, 90 Hz                                                                                           |
|                 | Velikost:        | 6, 78 palcev, 109, 2 cm2 (~84, 2% razmerje med zaslonom in telesom)                                      |
|                 | Zaščita:         | Corning Gorilla Glass                                                                                    |
|                 | Resolucija:      | 720 x 1640 slikovnih pik (gostota ~264 ppi)                                                              |
| Platforma       | OS:              | Android 14                                                                                               |
|                 | Chipset:         | Mediatek Helio G91 (12 nm)                                                                               |
|                 | CPU:             | Octa-core (2x2, 0 GHz Cortex-A75 & 6x1, 8 GHz Cortex-A55)                                                |
|                 | GPU:             | Mali-G57 MC2                                                                                             |
| Spomin          | Reža za kartice: | microSDXC (uporablja skupno režo za SIM)                                                                 |
|                 | Notranji:        | 256 GB, 6 GB RAM                                                                                         |
| Zvok            | Zvočnik:         | Da                                                                                                       |
|                 | 3,5 mm jack:     | Da                                                                                                       |
| Comms           | WLAN:            | Wi-Fi 802.11 a / b / g / n / ac, dual-band                                                               |
|                 | Bluetooth:       | 5.1, A2DP, LE                                                                                            |
|                 | Radio:           | FM radio, RDS, snemanje                                                                                  |
|                 | USB:             | USB Type-C 2.0, OTG                                                                                      |
|                 | NFC:             | Da                                                                                                       |
|                 | Infrared port:   | Da                                                                                                       |
| Lastnosti       | Komunikacije:    | GPS, GLONASS, GALILEO, BDS                                                                               |
|                 | Senzorji:        | Pospeška, bližina, kompas                                                                                |
| Baterija        | Polnjenje:       | 18W žično                                                                                                |
|                 | Vrsta:           | Li-Po 5450 mAh                                                                                           |
| Glavna kamera   | Lastnosti:       | LED bliskavica, HDR, panorama                                                                            |
|                 | Video:           | 1080p @ 30fps                                                                                            |
|                 | Dual:            | 64 MP, f/1, 9, (širokokotna), 1/1, 73", 0, 64 µm, PDAF 50 MP, f/2, 2, 117°, (ultra širokokotna), 1/2, 8" |
| Selfie kamera   | Ena:             | 32 MP, f/2, 5, (široko), 1/2, 8                                                                          |
|                 | Video:           | 1080p @ 30fps                                                                                            |
| Selfie kamera   | Lastnosti:       | HDR                                                                                                      |
